

Dear Sir or Madam,

I would like to share with you BNetzA's position on your consultation questions regarding the price limits for DA and ID coupling.

Q1: Do you have any concern with respect to the new proposed automatic adjustment rule for PmaxDA and for PmaxID? If so, please explain thoroughly why.

BNetzA has no concern about the rules.

Q2: Which of the three proposed options for the PmaxDA would have your preference? Please explain thoroughly why.

In principle, BNetzA do not want any limits becoming effective for the market. With a technical upper price limit of 9999,- EUR this seems to be largely fulfilled. In combination with the proposed automatic mechanism for the adjustment of the technical price limits, BNetzA considers this principle also ensured with lower price limits to start with.

Q3: Do you have any concern with respect to the new proposed implementation date? If so, please explain thoroughly why.

BNetzA has no concern.
