

Annex B- Form for providing respondents' feedback on proposed changes

Proposed change No. *

A.7.9

Respondent's view *

The removal of certain units of measure particularly those listed below will greatly impact GM&T as all our contracts and systems have been configured to document units of measure in Therm/d, kTherm/d, MTherm/d. The addition of these units was requested by GM&T in 2016 as we complete transaction reporting using these units. Could we ask that these units of measure not be removed as their removal would require a substantial amount of IT changes in multiple ETRM systems and make transaction reporting more cumbersome.

*** Mandatory field. The feedback may not be considered if a mandatory field is left blank.**
