II – GENERAL CONDITIONS FOR SERVICE FRAMEWORK CONTRACTS

ARTICLE II. 1 – PERFORMANCE OF THE FWC

- II.1.1** The Contractor shall perform the FWC to the highest professional standards.
- II.1.2** The Contractor shall be solely responsible for taking the necessary steps to obtain any permit or licence required for performance of the FWC under the laws and regulations in force at the place where the tasks assigned to it are to be executed.
- II.1.3** Without prejudice to Article II.4 any reference made to the Contractor's personnel in the FWC shall relate exclusively to individuals involved in the performance of the FWC.
- II.1.4** The Contractor must ensure that the personnel performing the FWC possess the professional qualifications and experience required for the execution of the tasks assigned to it.
- II.1.5** The Contractor shall neither represent the Agency nor behave in any way that would give such an impression. The Contractor shall inform third parties that it does not belong to the European public service.
- II.1.6** The Contractor shall be solely responsible for the personnel who execute the tasks assigned to him.
The Contractor shall stipulate the following employment or service relationships with its personnel:
- (a) personnel executing the tasks assigned to the Contractor may not be given orders directly by the Agency;
 - (b) the Agency may not under any circumstances be considered to be the employer of the personnel referred to in point (a) and the personnel shall undertake not to invoke against the Agency any right arising from the contractual relationship between the Agency and the Contractor.
- II.1.7** In the event of disruption resulting from the action of one of the Contractor's personnel working on the Agency's premises or in the event that the expertise of one of the Contractor's personnel fails to correspond to the profile required by the FWC, the Contractor shall replace him without delay. The Agency shall have the right to make a reasoned request for the replacement of any such personnel. The replacement personnel must have the necessary qualifications and be capable of performing the FWC under the same contractual conditions. The Contractor shall be responsible for any delay in the execution of the tasks assigned to it resulting from the replacement of personnel.
- II.1.8** Should the execution of the tasks be directly or indirectly hampered, either partially or totally, by any unforeseen event, action or omission, the Contractor shall immediately and on its own initiative record it and report it to the Agency. The report shall include a description of the problem and an indication of the date on which it started and of the remedial action taken by the Contractor to ensure full compliance with its obligations under this FWC. In such an event the Contractor shall give priority to solving the problem rather than determining liability.
- II.1.9** Should the Contractor fail to perform its obligations under the FWC or an order form, the Agency may - without prejudice to its right to terminate the FWC or an order form - reduce or recover payments in proportion to the scale of the unperformed

obligations. In addition, the Agency may claim compensation or impose liquidated damages in accordance with Article II.12.

ARTICLE II.2 – MEANS OF COMMUNICATION

II.2.1 Any communication relating to the FWC or to its performance shall be made in writing and shall bear the FWC number, and if applicable the order form number. Any communication is deemed to have been made when it is received by the receiving party unless otherwise provided for in this FWC.

II.2.2 Electronic communication shall be deemed to have been received by the parties on the day of dispatch of that communication provided it is sent to the addressees listed in Article I.6. Without prejudice to the preceding, if the sending party receives a message of non-delivery to or of absence of the addressee, it shall make every effort to ensure the actual receipt of such communication by the other party.

Electronic communication shall be confirmed by an original signed paper version of that communication if requested by any of the parties provided that this request is submitted without unjustified delay. The sender shall send the original signed paper version without unjustified delay.

II.2.3 Mail sent using the postal services is deemed to have been received by the Agency on the date on which it is registered by the department responsible referred to in Article I.6.

Any formal notification shall be made by registered mail with return receipt or equivalent, or by equivalent electronic means.

II.3.1 The Contractor shall be solely responsible for complying with any legal obligations incumbent on it.

II.3.2 The Agency shall not be held liable for any damage caused or sustained by the Contractor, including any damage caused by the Contractor to third parties during or as a consequence of performance of the FWC, except in the event of wilful misconduct or gross negligence on the part of the Agency.

II.3.3 The Contractor shall be held liable for any loss or damage sustained by the Agency in performance of the FWC, including in the event of subcontracting, and for any claim by a third party, but only to an amount not exceeding three times the total amount of the relevant order form. Nevertheless, if the damage or loss is caused by the gross negligence or wilful misconduct of the Contractor or of its personnel or subcontractors, the Contractor shall have unlimited liability for the amount of the damage or loss.

II.3.4 The Contractor shall indemnify and hold the Agency harmless for all damages and costs incurred due to any claim. The Contractor shall provide compensation in the event of any action, claim or proceeding brought against the Agency by a third party as a result of damage caused by the Contractor during the performance of the FWC. In the event of any action brought by a third party against the Agency in connection with the performance of the FWC including any alleged breach of intellectual property rights, the Contractor shall assist the Agency. Such expenditure incurred by the Contractor may be borne by the Agency.

- II.3.5** The Contractor shall take out an insurance policy against risks and damage relating to the performance of the FWC if required by the relevant applicable legislation. It shall take out supplementary insurance as reasonably required by standard practice in the industry. A copy of all the relevant insurance contracts shall be sent to the Agency should it so request.

ARTICLE II. 4 - CONFLICT OF INTERESTS

- II.4.1** The Contractor shall take all the necessary measures to prevent any situation of conflict of interest. Such situation arises where the impartial and objective performance of the FWC is compromised for reasons involving economic interest, political or national affinity, family or emotional ties, or any other shared interest.
- II.4.2** Any situation constituting or likely to lead to a conflict of interest during the performance of the FWC shall be notified to the Agency in writing without delay. The Contractor shall immediately take all the necessary steps to rectify the situation. The Agency reserves the right to verify that the steps taken are appropriate and may require that additional steps be taken within a specified deadline.
- II.4.3** The Contractor declares that it has not granted and will not grant, has not sought and will not seek, has not attempted and will not attempt to obtain and has not accepted and will not accept, any advantage, financial or in kind, to or from any party whatsoever, when such advantage constitutes an illegal practice or involves corruption, either directly or indirectly, in so far as it serves as an incentive or reward relating to the performance of the FWC.
- II.4.4** The Contractor shall pass on all the relevant obligations in writing to its personnel and to any natural person with the power to represent it or take decisions on its behalf and ensure that it is not placed in a situation which could give rise to conflicts of interest. The Contractor shall also pass on all the relevant obligations in writing to third parties involved in the performance of the FWC including subContractors.

ARTICLE II.5 – CONFIDENTIALITY

- II.5.1.** The Agency and the Contractor shall treat with confidentiality any information and documents, in any form, disclosed in writing or orally in relation to the performance of the FWC and identified in writing as confidential.

The Contractor shall:

- (a) not use confidential information and documents for any purpose other than fulfilling its obligations under the FWC or order form without prior written agreement of the Agency;
- (b) ensure the protection of such confidential information and documents with the same level of protection it uses to protect its own confidential information, but in no case any less than reasonable care;
- (c) not disclose directly or indirectly confidential information and documents to third parties without prior written agreement of the Agency.

- II.5.2** The confidentiality obligation set out in Article II.5.1 shall be binding on the Agency and the Contractor during the performance of the FWC and for five years starting from the date of the payment of the balance unless:

- (a) the disclosing party agrees to release the other party from the confidentiality obligation earlier;

- (b) the confidential information becomes public through other means than in breach of the confidentiality obligation, through disclosure by the party bound by that obligation;
- (c) the disclosure of the confidential information is required by law.

II.5.3 The Contractor shall obtain from any natural person with the power to represent it or take decisions on its behalf, as well as from third parties involved in the performance of the FWC or order form an undertaking that they will comply with the confidentiality obligation set out in Article II.5.1.

ARTICLE II.6– PROCESSING OF PERSONAL DATA

II.6.1 Any personal data included in the FWC shall be processed pursuant to Regulation (EC) 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data. Such data shall be processed by the data controller solely for the purposes of the performance, management and monitoring of the FWC without prejudice to its possible transmission to the bodies charged with monitoring or inspection tasks in application of the European Union law.

II.6.2 The Contractor shall have the right to access its personal data and the right to rectify any such data. The Contractor should address any queries concerning the processing of its personal data to the data controller.

II.6.3 The Contractor shall have right of recourse at any time to the European Data Protection Supervisor.

II.6.4 Where the FWC requires the processing of personal data by the Contractor, the Contractor may act only under the supervision of the data controller, in particular with regard to the purposes of the processing, the categories of data which may be processed, the recipients of the data and the means by which the data subject may exercise his rights.

II.6.5 The Contractor shall grant its personnel access to the data to the extent strictly necessary for the performance, management and monitoring of the FWC.

II.6.6 The Contractor undertakes to adopt appropriate technical and organisational security measures having regard to the risks inherent in the processing and to the nature of the personal data concerned in order to:

- (a) prevent any unauthorised person from gaining access to computer systems processing personal data, and especially:
 - (i) unauthorised reading, copying, alteration or removal of storage media;
 - (ii) unauthorised data input, as well as any unauthorised disclosure, alteration or erasure of stored personal data;
 - (iii) unauthorised use of data-processing systems by means of data transmission facilities;
- (b) ensure that authorised users of a data-processing system can access only the personal data to which their access right refers;
- (c) record which personal data have been communicated, when and to whom;
- (d) ensure that personal data being processed on behalf of third parties can be processed only in the manner prescribed by the Agency;
- (e) ensure that, during communication of personal data and transport of storage media, the data cannot be read, copied or erased without authorisation;

- (f) design its organisational structure in such a way that it meets data protection requirements.

ARTICLE II. 7 – SUBCONTRACTING

- II.7.1** The Contractor shall not subcontract without prior written authorisation from the Agency nor cause the FWC to be de facto performed by third parties.
- II.7.2** Even where the Agency authorises the Contractor to subcontract to third parties, it shall nevertheless remain bound by its contractual obligations and shall be solely responsible for the proper performance of this FWC.
- II.7.3** The Contractor shall make sure that the subcontract does not affect rights and guarantees granted to the Agency by virtue of this FWC, notably by Article II.18.

ARTICLE II. 8 – AMENDMENTS

- II.8.1** Any amendment to the FWC or an order form shall be made in writing before fulfilment of all contractual obligations. An order form may not be deemed to constitute an amendment to the FWC or to its articles thereof.
- II.8.2** The amendment may not have the purpose or the effect of making changes to the FWC or to order forms which might call into question the decision awarding the FWC or an order form or result in unequal treatment of tenderers or Contractors.

ARTICLE II. 9 – ASSIGNMENT

- II.9.1** The Contractor shall not assign the rights, including claims for payments, and obligations arising from the FWC, in whole or in part, without prior written authorisation from the Agency.
- II.9.2** In the absence of such authorisation, or in the event of failure to observe the terms thereof, the assignment of rights or obligations by the Contractor shall not be enforceable against the Agency and therefore it shall have no effects on it.

ARTICLE II. 10 – FORCE MAJEURE

- II.10.1** 'Force majeure' means any unforeseeable and exceptional situation or event beyond the parties' control which prevents either of them from fulfilling any of their obligations under the FWC, which was not attributable to error or negligence on their part or on the part of subcontractors and which proves to be inevitable in spite of exercising due diligence. Any default of a service, defect in equipment or material or delays in making them available, unless they stem directly from a relevant case of force majeure, as well as labour disputes, strikes or financial difficulties, cannot be invoked as force majeure.
- II.10.2** A party faced with force majeure shall formally notify the other party without delay, stating the nature, likely duration and foreseeable effects.
- II.10.3** The party faced with force majeure shall not be held in breach of its contractual obligations if it has been prevented from fulfilling them by force majeure. Where the Contractor is unable to fulfil its contractual obligations owing to force majeure, it shall have the right to remuneration only for the tasks actually executed.
- II.10.4** The parties shall take all the necessary measures to limit any damage due to force majeure.

ARTICLE II. 11 – LIQUIDATED DAMAGES

The Agency may impose liquidated damages should the Contractor fail to complete its contractual obligations, also with regard to the required quality level, according to the tender specifications.

Should the Contractor fail to perform its contractual obligations within the time limits set by the FWC or the relevant order form, then, without prejudice to the Contractor's actual or potential liability or to the Agency's right to terminate the FWC or the relevant order form, the Agency may impose liquidated damages for each and every calendar day of delay according to the following formula:

$$0.3 \times (V/d)$$

V is the price of the relevant purchase;

d is the duration specified in the relevant order form or, failing that, the period between the date specified in Article I.4.1 and the date of delivery or performance specified in the relevant order form, expressed in calendar days

The Contractor may submit arguments against this decision within 30 days of receipt of the formal notification. In the absence of a reaction on its part or of written withdrawal by the Agency within 30 days of the receipt of such arguments, the decision imposing the liquidated damages shall become enforceable.

The parties expressly acknowledge and agree that any sums payable under this article are in the nature of liquidated damages and not penalties, and represent a reasonable estimate of fair compensation for the losses incurred due to failure to fulfil obligations which may be reasonably anticipated.

ARTICLE II. 12 – SUSPENSION OF THE PERFORMANCE OF THE FWC

II.12.1 Suspension by the Contractor

The Contractor may suspend the performance of the FWC or an order form or any part thereof if a case of force majeure makes such performance impossible or excessively difficult. The Contractor shall inform the Agency about the suspension without delay, giving all the necessary reasons and details and the envisaged date for resuming the performance of the FWC or an order form.

Once the circumstances allow resuming performance, the Contractor shall inform the Agency immediately, unless the Agency has already terminated the FWC or an order form.

II.12.2 Suspension by the Agency

The Agency may suspend the performance of the FWC or contract or any part thereof:

- (a) if the FWC or order form award procedure or the performance of the FWC prove to have been subject to substantial errors, irregularities or fraud;
- (b) in order to verify whether presumed substantial errors, irregularities or fraud have actually occurred.

Suspension shall take effect on the day the Contractor receives formal notification, or at a later date provided in the notification. The Agency shall as soon as possible give notice to the Contractor to resume the service suspended or inform the Contractor that it is proceeding with termination of the FWC or an order form. The Contractor shall not be entitled to claim compensation on account of suspension of the FWC or an order form or of part thereof.

ARTICLE II. 13 – TERMINATION OF THE FWC

II.13.1 Grounds for termination

The Agency may terminate the FWC or an order form respectively in the following circumstances:

- (a) if a change to the Contractor's legal, financial, technical or organisational or ownership situation is likely to affect the performance of the FWC or an order form substantially or call into question the decision to award the FWC;
- (b) if execution of the tasks under a pending order form has not actually commenced within 15 days of the date foreseen, and the new date proposed, if any, is considered unacceptable by the Agency, taking into account article II.8.2;
- (c) if the Contractor does not perform the FWC or an order form as established in the tender specifications or request for service or fails to fulfil another substantial contractual obligation; termination of three or more order forms on this ground shall constitute ground for termination of the FWC;
- (d) in the event of force majeure notified in accordance with article II.11 or if the performance of the FWC or an order form has been suspended by the Contractor as a result of force majeure, notified in accordance with article II.13, where either resuming performance is impossible or the modifications to the FWC or an order form might call into question the decision awarding the FWC or an order form, or result in unequal treatment of tenderers or Contractors;
- (e) if the Contractor is declared bankrupt, is being wound up, is having its affairs administered by the courts, has entered into an arrangement with creditors, has suspended business activities, is the subject of proceedings concerning those matters, or is in any analogous situation arising from a similar procedure provided for in national legislation or regulations;
- (f) if the Contractor or any natural person with the power to represent it or take decisions on its behalf has been found guilty of professional misconduct proven by any means;
- (g) if the Contractor is not in compliance with its obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which it is established or with those of the country of the applicable law of this FWC or those of the country where the FWC is to be performed;
- (h) if the Agency has evidence that the Contractor or any natural persons with the power to represent it or take decisions on its behalf have committed fraud, corruption, or are involved in a criminal organisation, money laundering or any other illegal activity detrimental to the Agency's financial interests or reputation;
- (i) if the Agency has evidence that the Contractor or any natural persons with the power to represent it or take decisions on its behalf have committed substantial errors, irregularities or fraud in the award procedure or the performance of the FWC, including in the event of submission of false information;
- (j) if the Contractor is unable, through its own fault, to obtain any permit or licence required for performance of the FWC or an order form;
- (k) if the needs of the Agency change and it no longer requires new services under the FWC;
- (l) when due to the termination of the FWC with one or more of the Contractors there is no minimum required competition within the multiple framework contract with reopening of competition.

II.13.2 Procedure for termination

When the Agency intends to terminate the FWC or an order form it shall formally notify the Contractor of its intention specifying the grounds thereof. The Agency shall invite the Contractor to make any observations and, in the case of point (c) of Article II.14.1, to inform

the Agency about the measures taken to continue the fulfilment of its contractual obligations, within 30 days from receipt of the notification.

If the Agency does not confirm acceptance of these observations by giving written approval within 30 days of receipt, the termination procedure shall proceed. In any case of termination the Agency shall formally notify the Contractor about its decision to terminate the FWC or an order form. In the cases referred to in points (a), (b), (c), (e), (g), (j), (k) and (l) of Article II.14.1 the formal notification shall specify the date on which the termination takes effect. In the cases referred to in points (d), (f), (h), and (i) of Article II.14.1 the termination shall take effect on the day following the date on which notification of termination is received by the Contractor.

II.13.3 Effects of termination

In the event of termination, the Contractor shall waive any claim for consequential damages, including any loss of anticipated profits for uncompleted work. On receipt of the notification of termination, the Contractor shall take all the appropriate measures to minimise costs, prevent damages, and cancel or reduce its commitments. The Contractor shall have 60 days from the date on which termination takes effect to draw up the documents required by the special conditions or order forms for the tasks already executed on the date of termination and produce an invoice if necessary. The Agency may recover any amounts paid under the FWC.

The Agency may claim compensation for any damage suffered in the event of termination.

On termination the Agency may engage any other Contractor to execute or complete the services. The Agency shall be entitled to claim from the Contractor all extra costs incurred in this regard, without prejudice to any other rights or guarantees it may have under the FWC.

ARTICLE II. 14 – REPORTING AND PAYMENTS

II.14.1 Date of payment

Payments shall be deemed to be effected on the date when they are debited to the Agency's account.

II.14.2 Currency

The FWC shall be in Euro.

Payments shall be executed in Euro or in the local currency as provided for in Article I.5.

Conversion between the euro and another currency shall be made according to the daily euro exchange rate published in the *Official Journal of the European Union* or, failing that, at the monthly accounting exchange rate established by the European Commission and published on its website, applicable on the day on which the payment order is issued by the Agency.

II.14.3 Costs of bank transfer

The costs of the transfer shall be borne in the following way:

- (a) costs of dispatch charged by the bank of the Agency shall be borne by the Agency,
- (b) cost of receipt charged by the bank of the Contractor shall be borne by the Contractor,
- (c) costs for repeated transfer caused by one of the parties shall be borne by the party causing repetition of the transfer.

II.14.4 Invoices and Value Added Tax

Invoices shall contain the Contractor's identification, the amount, the currency and the date, as well as the FWC reference and reference to an order form.

Invoices shall indicate the place of taxation of the Contractor for value added tax (VAT) purposes and shall specify separately the amounts not including VAT and the amounts including VAT.

The Agency is, as a rule, exempt from all taxes and duties, including VAT, pursuant to the provisions of Articles 3 and 4 of the Protocol on the Privileges and Immunities of the European Union.

The Contractor shall accordingly complete the necessary formalities with the relevant authorities to ensure that the supplies and services required for performance of the FWC are exempt from taxes and duties, including VAT exemption.

II.14.5 Interim payments and payment of the balance

The Contractor shall submit an invoice for interim payment upon delivery of intermediary results, accompanied by a progress report or any other documents, as provided for in Article I.4 or in the tender specifications or in an order form.

The Contractor shall submit an invoice for payment of the balance within 60 days following the end of the period referred to in Article III.2.2, accompanied by a final progress report or any other documents provided for in Article I.4 or in the tender specifications or in an order form.

Upon receipt, the Agency shall pay the amount due as interim or final payment, within the periods specified in Article I.4, provided the invoice and documents have been approved and without prejudice to Article II.15.7. Approval of the invoice and documents shall not imply recognition of the regularity or of the authenticity, completeness and correctness of the declarations and information they contain.

Payment of the balance may take the form of recovery.

II.14.6 Suspension of the time allowed for payment

The Agency may suspend the payment periods specified in Article I.4 at any time by notifying the Contractor that its invoice cannot be processed, either because it does not comply with the provisions of the FWC, or because the appropriate documents have not been produced.

The Agency shall inform the Contractor in writing as soon as possible of any such suspension, giving the reasons for it.

Suspension shall take effect on the date the notification is sent by the Agency. The remaining payment period shall start to run again from the date on which the requested information or revised documents are received or the necessary further verification, including on-the-spot checks, is carried out. Where the suspension period exceeds two months, the Contractor may request the Agency to justify the continued suspension.

Where the payment periods have been suspended following rejection of a document referred to in the first paragraph and the new document produced is also rejected, the Agency reserves the right to terminate an order form in accordance with Article II.14.1(c).

II.14.7 Interest on late payment

On expiry of the payment periods specified in Article I.4, and without prejudice to Article II.15.7, the Contractor is entitled to interest on late payment at the rate applied by the European Central Bank for its main refinancing operations in Euro (the reference rate) plus eight points. The reference rate shall be the rate in force on the first day of the month in which the payment period ends, as published in the C series of the *Official Journal of the European Union*.

The suspension of the payment period in accordance with Article II.15.7 may not be considered as a late payment.

Interest on late payment shall cover the period running from the day following the due date for payment up to and including the date of actual payment as defined in Article II.15.1.

However, when the calculated interest is lower than or equal to EUR 200, it shall be paid to the Contractor only upon request submitted within two months of receiving late payment.

ARTICLE II. 15 – RECOVERY

II.15.1 If an amount is to be recovered under the terms of the FWC, the Contractor shall repay the Agency the amount in question according to the terms and by the date specified in the debit note.

II.15.2 If the obligation to pay the amount due is not honoured by the date set by the Agency in the debit note, the amount due shall bear interest at the rate indicated in Article II.15.8. Interest on late payments shall cover the period from the day following the due date for payment up to and including the date when the Agency receives the full payment of the amount owed.

Any partial payment shall first be entered against charges and interest on late payment and then against the principal amount.

II.15.3 If payment has not been made by the due date, the Agency may, after informing the Contractor in writing, recover the amounts due by offsetting them against any amounts owed to the Contractor by the Agency, the European Union or by the European Atomic Energy Community or by calling in the financial guarantee, where provided for in Article I.4 or in an order form.

ARTICLE II. 16 – CHECKS AND AUDITS

II.16.1 The Agency and the European Anti-Fraud Office may check or have an audit on the performance of the FWC. It may be carried out either directly by their own staff or by any other outside body authorised to do so on their behalf.

Such checks and audits may be initiated during the performance of the FWC and during a period of five years which starts running from the date of expiry of the FWC. The audit procedure shall be deemed to be initiated on the date of receipt of the relevant letter sent by the Agency. Audits shall be carried out on a confidential basis.

II.16.2 The Contractor shall keep all original documents stored on any appropriate medium, including digitised originals when they are authorised by national law and under the conditions laid down therein, for a period of five years which starts running from the date of expiry of the FWC.

II.16.3 The Contractor shall allow the Agency's staff and outside personnel authorised by the Agency the appropriate right of access to sites and premises where the FWC is performed and to all the information, including information in electronic format, needed in order to conduct such checks and audits. The Contractor shall ensure that the information is readily available at the moment of the check or audit and, if so requested, that information be handed over in an appropriate form.

II.16.4 On the basis of the findings made during the audit, a provisional report shall be drawn up. It shall be sent to the Contractor, which shall have 30 days following the date of receipt to submit observations. The final report shall be sent to the Contractor within 60 days following the expiry of that deadline.

On the basis of the final audit findings, the Agency may recover all or part of the payments made and may take any other measures which it considers necessary.

II.16.5 By virtue of Council Regulation (Euratom, EC) No 2185/96 of 11 November 1996 concerning on-the-spot checks and inspection carried out by the Commission in order to protect the European Communities' financial interests against fraud and other irregularities and Regulation (EC) No 1073/1999 of the European Parliament and the Council of 25 May 1999 concerning investigation conducted by the European Anti-Fraud Office (OLAF), the OLAF may also carry out on-the-spot checks and inspections in accordance with the procedures laid down by the European Union law for the protection of the financial interests of the European Union against fraud and other irregularities. Where appropriate, the findings may lead to recovery by the Agency.

II.16.6 The Court of Auditors shall have the same rights as the Agency, notably right of access, for the purpose of checks and audits.
