Network administrator**

Parent Directorate-General / Service

DG ENER (BXL)

1. WE ARE

The Agency for the Cooperation of Energy Regulators (hereinafter referred to as “the Agency”) is a European Union (“EU”) body, legally established by Regulation (EC) No 713/2009¹ and operational since 2011. Based in Ljubljana (Slovenia), the Agency is central to the liberalisation of the EU's electricity and natural gas markets.

The purpose of the Agency is to assist National Regulatory Authorities (“NRAs”) in exercising, at Union level, the regulatory tasks that they performed in the Member States and, where necessary, to coordinate their action.

In this respect, the Agency:

- a) Complements and coordinates the work of NRAs;
- b) Participates in the creation of European network rules;
- c) Takes, under certain conditions, binding individual decisions on terms and conditions for access and operational security for cross border infrastructure;

¹ Regulation (EC) No 713/2009 of the European Parliament and of the Council of 13 July 2009 (OJ L 211, 14.8.2009, p. 1)

- d) Gives advice on electricity and natural gas related issues to the European institutions;
- e) Monitors the internal markets in electricity and natural gas and reports on its findings.

The main areas on which the Agency's activities focus are:

- supporting European market integration: this is mainly done through the development of common network and market rules as well as through the coordination of regional initiatives which are concrete efforts from market participants to work towards greater integration,
- advising the EU Institutions on trans-European Energy infrastructure issues: the Agency issues opinions on ten-year network development plans to ensure that these are in line with priorities set at EU level,
- energy market monitoring: the Agency has a general mission in terms of market monitoring at the EU level and has, since the end of 2011, a very specific responsibility when it comes to oversight of the wholesale energy trading.

Regulation (EU) No 1227/20112 on Wholesale Energy Market Integrity and Transparency (REMIT) has introduced new rules prohibiting abusive practices affecting wholesale energy markets. According to REMIT, ACER has to collect both transactional and fundamental data necessary to monitoring of wholesale energy markets, in close collaboration with national regulatory authorities (NRAs), in order to detect and deter market abuse.

The Agency currently has a staff of more than 80 people and an approved annual budget of €15.8 million in 2016. The Agency's internal structure comprises four Departments (Electricity, Gas, Market Monitoring and Administration) and the Director's Office.

The Agency is located in Ljubljana (Slovenia).

2. WE PROPOSE
