## Webinar: Methodology for ACER's new cost efficiency comparison of EU gas TSOs

15 October 2025 | 10:00 – 11:00 CEST

Online, MS Teams platform

---

### AGENDA

Indicative time	Webinar items	
9:50 - 10:00	Webinar open for log-in	Starts promptly at 10:00
10:00 - 10:10	<b>Introductory remarks and next steps</b> Bart VEREECKE, ACER Miguel MARTINEZ RODRÍGUEZ, ACER	
10:10 - 10:40	<a href="#">ACER's new cost efficiency comparison of EU gas TSOs: Proposed methodology</a> Per AGRELL, Sumicsid	
10:40 - 10:55	<a href="#">Q&amp;A</a>	
10:55 - 11:00	<b>Closing remarks</b> Bart VEREECKE, ACER Miguel MARTINEZ RODRÍGUEZ, ACER	

### Webinar objective

ACER has been [tasked](#) with carrying out a periodic [cost comparison assessing the efficiency of gas transmission system operators \(TSOs\)](#) across the EU. The results should be taken into account by national regulatory authorities (NRAs) when setting the allowed or target revenues of the TSOs.

This webinar concludes the first phase of the ACER efficiency comparison, during which ACER gathered feedback on its proposed methodology from stakeholders through a [public consultation](#) (17 June-17 July 2025) and [workshop](#) (9-10 July 2025).

This webinar will present the:

- Summary of the input received during the public consultation and stakeholder workshop.
- Expert review conducted to assess the proposed methodology.
- Final methodology.
- Process going forward.
