1. INTRODUCTION

- (1) In accordance with Article 60(3) of Regulation (EU) 2019/943 on the internal market for electricity (hereafter: Electricity Regulation) and Article 14 of Regulation (EU) 2019/942, ACER conducted a public consultation with all stakeholders from 5 September until 31 October 2024.
- (2) Participants were asked to provide their views on ACER's revisions on the EU DSO Entity's and ENTSO-E's proposal for a network code on demand response by evaluating the compliance with the legal basis and the framework guideline for the network code on demand response and the contribution to the objectives of the Electricity Regulation. Furthermore, participants had the option to provide additional reasoning to explain their opinion, and to propose amendments if deemed necessary.
- (3) The number of participants was 75 with a broad range of different market participants from 16 Member States. The detailed contributions and the evaluation of responses to the public consultation was published in a Power Bi Report.¹
